### South African Journal of Bioethics and Law

SAJBL is an online bi-annual, peer reviewed, journal that covers matters related to ethics, law, human rights and related matters for the health professions.

#### Announcements

##### A call for papers

Effective from January 2010 the SAJBL is included in the Department of Higher Education and Training's Approved list of journals. It addresses significant and critical issues surrounding the application of bioethics, health law, and human rights in clinical practice, health policy and regulation and research. We welcome submissions from authors under the following headings: Empirical Ethics, Clinical Ethics, Health Policy and Law, Case Studies, and Review Articles. Cross-disciplinary debate is encouraged.
