

22 April 2020

Dear ASSAf Member

2020 Academy of Science of South Africa Science-for-Society Gold Medal Award

It is my pleasure to invite you to submit nominations for the ASSAf Science-for-Society Gold Medal Award. This annual award was established by the Academy of Science of South Africa (ASSAf) in 2002 and its purpose is to recognise outstanding scientists who have applied scientific thinking in the service of society. All areas of science and scholarly work are considered. Up to two awards are made each year.

Requirements and procedure are as follows:

- Nominations for the awards can be made by any Member of ASSAf (Members of Council and of the awards panel shall not be permitted themselves to nominate candidates).
- A nomination from outside the circle of ASSAf Members should be channelled through a Member of the Academy who supports it.
- Nominations must contain a motivation relating to the criteria for the award as set out in Regulation 2 [see points (i) – (v) below]:
 - Outstanding application of scientific or scholarly thinking in the service of society
 - Scientific or scholarly achievements in each of the following dimensions:
 - (i) Using the common ground of scientific knowledge and activity to remove barriers between people and obstacles to full development of their intellectual capacity;
 - (ii) Endeavouring in every possible way to inspire, promote and recognise excellence in scientific and technical practice in order to promote appropriate role models in society;
 - (iii) Investigating and publicly reporting on various matters in order to promote and apply scientific thinking in the service of society;
 - (iv) Promoting science education and a culture of science in the population at large; and
 - (v) Endeavouring to establish and develop close relations with scientific organisations in South Africa and with similar bodies in other countries.
- It is important that nominators frame their motivations according to these criteria, irrespective of how distinguished the candidates are in their respective fields. The motivation should preferably not exceed six pages and must be accompanied by a full curriculum vitae.
- Unsuccessful candidates may be re-nominated but re-nominations must be motivated in accordance with the 'Science and Society' criteria (nominations will not be carried over from year to year).

- Nominations and the candidate's full CV must be submitted to Mrs Renate Venier in electronic format at renate@assaf.org.za alternatively as a fax to 086 210 5592 by no later than **3 June 2020**.

Members of the Academy are urged to take up this opportunity to participate and acknowledge outstanding colleagues and outstanding work in the related field.

Yours sincerely

Prof Sabiha Essack

General Secretary: Academy of Science of South Africa
